DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Claims 1-8 are allowed because the prior art fails to teach or fairly suggest a semiconductor laser device as recited in claims 1 and 8.

Amano and Fujimaki fail to teach third lead portion having a first side portion and a second side portion, the first side portion disposed to one side of the second lead portion and the second side portion disposed to another side of the second lead portion.

Ogino et al. ('794) discloses in Figures 1 and 4 a laser device having first, second, and third lead portions, 3a, 4a, and 4b, respectively. However, Ogino does not teach the third lead portion having two portions on two sides of the second lead portion.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Citation of Pertinent References

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The patent to Ogino et al. discloses Semiconductor Laser Devie, U.S. Patent No. 5825794

The patent to Fujimaki et al. discloses Semiconductor Laser with Encapsulated Lead Members, U.S. Patent No. 530946

The patent to Amano et al. discloses Laser Diode Device having a Protective Layer on Its Light-Emitting End Face, U.S. Patent No. 5355385
